Welcome to Silver Creek Land & Cattle located in Burden, KS. We are Elliott & Morgan Julius. Elliott had a love of horses from a young age but never got the chance to own any until 2012 and the love only grew from there. Morgan grew up all around the livestock industry but her main love is cattle; but those cut little foals running around are a close 2nd! We bought our first filly from Jason with Sliding H Ranch in 2016 as a weanling and started building our broodmare band from there. We strive to raise a versatile high quality ranch horse that exhibits great conformation, cow-sense, disposition, speed and color. We stay busy with our three young children: Riyatta who is 5, Blaire who is 2, and Ranahan is 2 months; while also running our cow-calf operation. We are making the kind of horse for a full days work around the ranch.

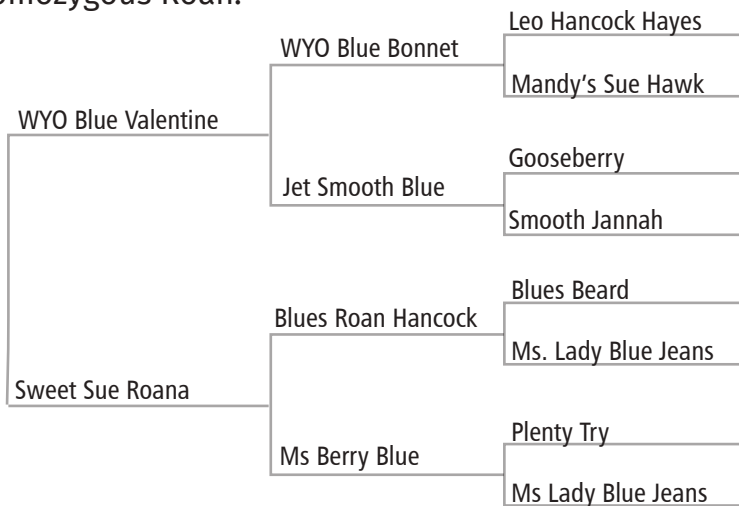

Pawnee Ridge Ranch - Weston Hurst

Facebook: Pawnee Ridge

At the Pawnee Ridge Ranch our goal is to cross Blue Valentine lines back crossed to High Rolling Roany lines. To produce big gentle capable horses. To preform in the arena and on the ranch. Our small scale breeding program allows us to ride and be very selective on the horses we breed. Foals are imprint trained have frequent interaction and halter trained early on to be able to make a smooth transition to bonding with humans.

REFERENCE SIRES

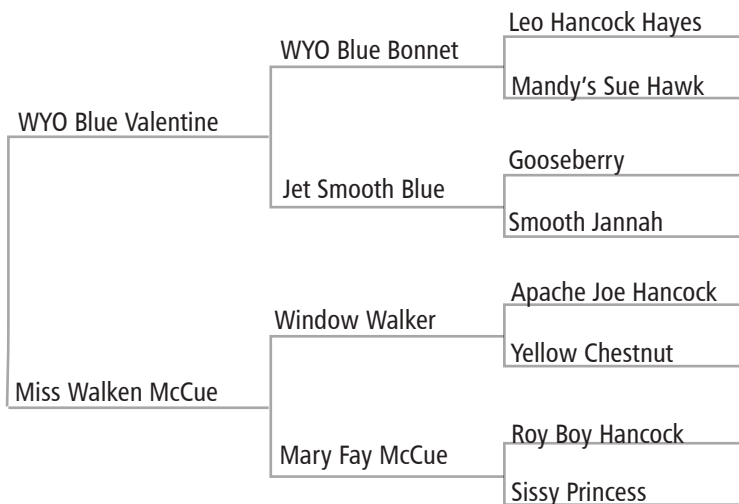

Blue Chic Magnet - "Goose" (2012)

In 2013, Sliding H Ranch purchased Goose at the Come To The Source Sale. He has exceeded our expectation from his first and has been a phenomenal using horse and better sire. He stays calm sorting cattle, pulls hard from the horn, and is very athletic. Goose had been an excellent producer of foals with great minds and conformation. As an added bonus, Goose is Homozygous Black and Homozygous Roan.

Mr. Polecat - "Polecat" (2011)

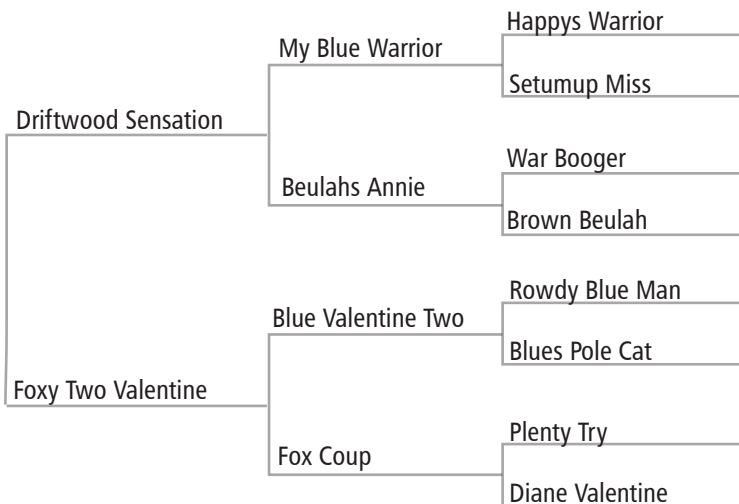

Sliding H Ranch was fortunate enough to purchase half of this outstanding stallion with Dick and Dianne. He was bred to mares for the first time in 2019 and we have been very pleased with his first foals. Polecat has been used in the arena and pasture. He will continue to be used heeling and roping calves in the arena when he isn't breeding mares. Polecat is very quick-footed, fast and reads a cow well. He is very quiet and level headed.

REFERENCE SIRES

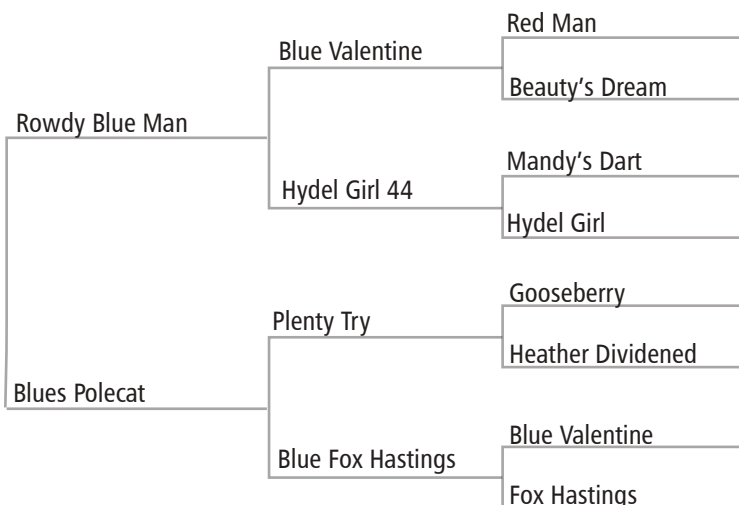

Foxy Blue Sensation - "Poncho" (2019)

"Poncho" is one of our top using horses at just 4 years old, he excels in roping with all the speed you could want. His first offspring offered will be this year. He is a gentleman to be around and standing 15.1hh and 1200 pounds.

Blue Valentine Two (1997)

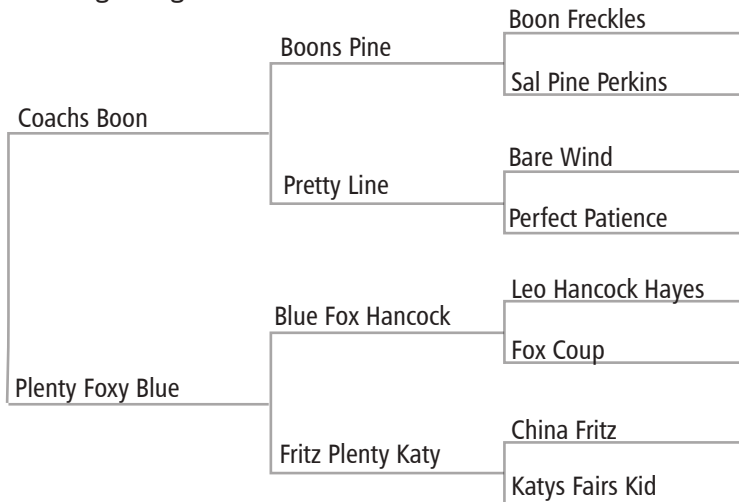

This horse meets out criteria for preserving the Blue Valentine bloodlines. His pedigree works with all our mares. He's 50% Blue Valentines and the extra Plenty Coup is a bonus. Chip Merritt remembers roping calves on Rowdy Blue Man. Blue Fox Hastings was a full sister to Gooseberry.

REFERENCE SIRE

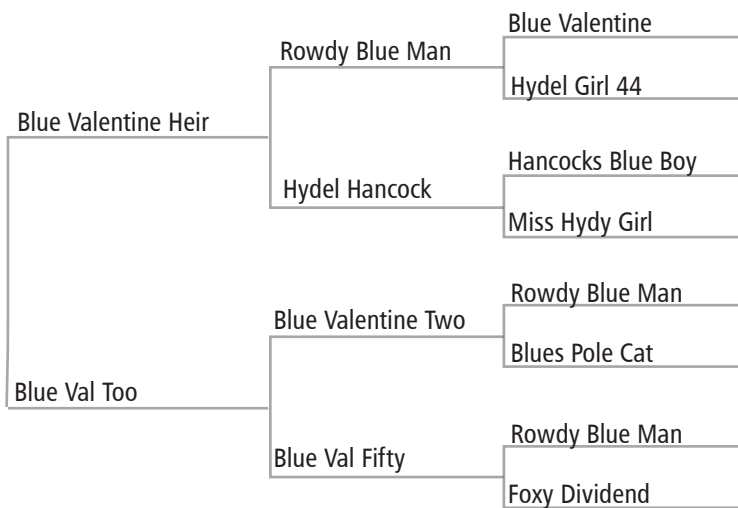

Boons Blu Fox - "Bullet" (2018)

We are very excited about this young stallion and his future as a riding horse as well as his impact in our breeding program. His first foal crop hit the ground this year and they exceeded our expectations. Bullet's sire and dam have played a huge part of building our program. This stallion is following in their shoes. Bullet has great speed, cow sense, conformation, and acts like a gelding.

Blue Valentines Heir - "Coffee" (2019)

We are very blessed to add a high percentage stallion that has great conformation, disposition, and athleticism. Coffee has plenty of speed to catch cattle, as well as can move his feet laterally to sit down and sort cattle with ease. We are really enjoying this young stallion. 52.34% Blue Valetine, 50.00% rowdy Blue Man, 26.37% Red Man, 17.58% Joe Hancock
